

Organization & Program

The Women's Resource of Greater Houston helps women and girls make choices toward becoming independent, productive, and financially stable. We fulfill our mission by offering classes that teach women and families about banking, saving, budgeting, credit management, and goal setting. We believe these valuable life lessons are best learned young and RISE! was created to address this need as early as possible in a young woman's life.

RISE! (Your Road to Independence, Success and Empowerment) is a four-year program that helps high school girls realize their potential, identify their personal values, manage personal finances, recognize their leadership skills, and plan for their future goals. It is the only program in Houston for high school girls that combines the life skills training needed for leadership and professional success with the financial education critical for personal success.
